7Solutions in Gas Detection was founded in 2003 to offer a genuine alternative for your gas detection needs. We offer the best service possible, from pre-sale advice to aftersales service.

7Solutions is ISO 9001 certified. We have our own service and maintenance department where we can service any gas detection instrument, no matter what the brand or age. Our turnaround is among the fastest in the industry, returning your instrument within one business day if possible. Our staff is trained in the latest safety requirements, VCA and ATEX norms, so you can trust your instrument to keep you safe. Also, we will service any existing instruments in your fleet, regardless of whether you acquired them at 7Solutions or not: we take pride in returning them to you in perfect working order. Contact us for your next gas detection instrument. We are happy to assist you every step of the way.
